

Notice to the Public

City of Park Hills
9 Bennett St.
City Hall
Park Hills, Missouri 63601

October 14, 2016

The City of Park Hills will conduct a public hearing on the following matter on Monday, October 17, 2016 at 1:30 pm in the council chambers at city hall. The city will also collect public comment by US mail and by email at cityhall@parkhillsmo.net until 5:00 pm on Monday, October 17, 2016 regarding the following subject.

The City of Park Hills intends to solicit Mueller Hydrant A423 and Mueller Gate Valve A 2360 for installation at the Fairgrounds Drive extension project under Surface Transportation Program STP-7100(009) construction assistance as allowed by 23 CFR 635.411(c). The project solicitation will include an exemption in bidding requirements allowing the city to specify installation of the proprietary appurtenances described above in the construction of:

roadway and main water and sewer lines connecting to the existing City main lines. These improvements will prepare a site for commercial and recreational use in the undeveloped area located south of Koen Creek, west of US Highway 67 and along the proposed Fairgrounds Drive extension.

Local and federal funds are available to complete this project work. Local contractors or others who desire to have any questions answered or voice opposition for the use of these proprietary items in this project may contact Norman Lucas at (573) 431-3577.

Terri Richardson, City Clerk
City of Park Hills
